

QUESTIONS TO ASK A PERSON WHO IS CONSIDERING MAID

Topline talking points are the most important messages on a topic that we as Catholics can share with the world, and we should try to weave them into our conversations where possible. However, always begin by listening. Ask questions before sharing your message and seek permission to begin the conversation. You might start by saying, “Can I ask you some questions about your decision/thoughts on MAiD?”

1. Why do you want to make/have you made this decision?
2. What pain or discomfort are you experiencing?
3. How do you feel about a natural death? What fears or concerns do you have about it?
4. Are there other ways that those fears or concerns can be addressed?
5. Are you aware what Jesus has said about MAiD and how the Church sees the challenges that you face?
6. What can our parish community do to help see you through this?
7. How can we pray for you?
